

MIDDLEBOROUGH HISTORICAL ASSOCIATION, INC.

MIDDLEBOROUGH, MASSACHUSETTS

ANNUAL REPORT

1979-1980

ANNUAL REPORT OF THE PRESIDENT

The past year has been one of challenge and accomplishment for the Middleborough Historical Association. During the fall the acquisition of the Young Mechanic, climaxing a long period of negotiation, saw the return of Middleborough's oldest extant piece of fire apparatus. Plans are now underway to restore the engine and house it on the grounds of the museum.

We were all shocked by the January 6, 1980 break-in at the museum during which many valuable silver and gold items from the Tom Thumb Collection were stolen. More than the monetary loss, the disappearance of these items meant a permanent loss to the heritage of Middleborough. It was this loss, however, which was to inspire us toward the year's greatest accomplishment.

A capital fund drive had been previously discussed by the Association's executive board and as a result of the January 6, 1980 break-in a drive was formally announced at our February meeting. Fund drive chairman Ted Pratt guided the effort with skill and due to the wholehearted support of both the membership and the community over \$5,000.00 was raised. This more than offset the cost of a fire and security system.

As the first step in a continued revitalization effort the board of the Association has authorized the repainting of the museum buildings. It is hoped that each year we will be able to undertake a significant major repair to our museum complex. Beginning with the exterior, we hope to be able to move inside and to refurbish some of our excellent displays.

All in all 1979-1980 has been a very good year for the Association. We have acquired significant additions to our museum collection while raising, through the generosity of our members and friends, the funds necessary to install a security system. We look forward to next year with a feeling of accomplishment and optimism.

Respectfully submitted,

FREDERICK E. EAYRS, JR., President

ANNUAL REPORT OF THE MUSEUM CURATOR

Two of the prized possessions of the Middleborough Historical Museum have been enjoyed by a great many people far removed from the museum. As part of special exhibits, these have been on loan to the Brockton Art Complex and the New York Historical Society. The Brockton Art Complex held an exhibition of early American furniture made in Plymouth County which included the "Great Weston Chair" made in the 1600's by Ephraim Tinkham, II of Plymouth. This chair descended in the Weston family from the 1600's in Duxbury to the 1900's in Middleborough, and was given by Mrs. Frank Winthrop to the Middleborough Historical Museum. The second item was a tiny silver coach and horse made by Tiffany's of New York and given to General and Mrs. Tom Thumb as a wedding present. It was exhibited in New York at the New York Historical Society in connection with the promotion of a book written by Charles Carpenter on Tiffany silver.

We let the little coach go to New York with some reluctance, fearing for its safety, but it proved to be a fortunate turn of events because soon after it was sent away, vandals broke into the museum and much of the Tom Thumb Collection was stolen.

Mr. G. Merle Barr of Wareham has made and presented to the museum two glass cases to hold two of Mrs. Tom Thumb's little dresses worn when she was young. Mr. Barr gave these in memory of his mother and grandmother, Blanche (Packard) Barr and Isobel (Newcombe) Barr.

Mr. L. Charles Judge presented a framed letter dated June 20, 1812 from Judge Wilkes Wood of Middleborough to Moses Strong, Esquire of Rutland, Vermont. This has been hung in the Judge Wilkes Wood law office.

Two large framed pictures of the first mechanical cranberry picker being used by the late Paul Thompson on his Middleborough bog were presented by Mr. and Mrs. Warren Richmond. Mrs. Richmond is the daughter of Mr. Thompson. These pictures were used on the cover of an issue of the Middleborough Antiquarian and aroused considerable interest.

An important gift to the museum was brought about through the efforts of our president, Frederick E. Eayrs, Jr., an antique double deck hand tub, built in 1854 for use in New Bedford, but saw several years service in Middleborough. It was presented to the museum by the owner, Mr. Franklin Reed of Abington, Massachusetts.

Interesting people have visited the museum during the year: Robert Pelton, Curator of the P. T. Barnum Museum in Bridgeport, Connecticut, and with him A. H. Saxon, who edited and published the "Autobiography of Mrs. Tom Thumb," a manuscript owned by the New York Historical Society; school classes from Middleborough and Lakeville; local nursing homes and from the Kimwell Nursing Home from Fall River; all appreciative visitors.

Respectfully submitted,

MERTIE E. ROMAINE, Curator
Middleborough Historical Museum

ANNUAL REPORT OF THE SECRETARY

1979 - 1980

The following is the list of officers that have served the Association for the past year:

President	Frederick E. Eayrs, Jr.
Vice President	Thomas A. Maddigan
Secretary	Miss Ruth Gates
Treasurer	Kenneth E. Butler
Directors	Joseph Sinauski (Term expires in 1980)
	A. Kingman Pratt (Term expires in 1981)
	Edward M. Pratt (Term expires in 1982)
Membership Secretary	Miss Ruth Gates
Program Chairman	A. Kingman Pratt
Refreshments Chairwomen	Mrs. Andrea Eayrs Mrs. Susan Maddigan

The programs for the last year have been excellent. In November, the program on fire engines, presented by member Mr. Robert Beals was most interesting. His presentation on the history of fire engines, going all the way back to 1859 and brought right up to date with the Maxim Fire Apparatus Co. right here in Middleborough was very well received by all.

In February, Mr. Donald Shaw of the Tremont Nail Company in Wareham, gave another fine lecture for all to enjoy. He traced the history of the company from the beginning when Jared and Isaac Pratt of North Middleborough started making nails there in 1819. This company manufactures cut nails and has only one competitor in Virginia.

In April, we had a change from our usual program in having Mr. Francis Beary of Bridgewater present a program on his travels in Greece and Turkey. His lecture on his slides included a great deal of Biblical history. He showed beautiful

pictures of mosques, cathedrals with mosaic work, ruins of 5,000 years ago in Crete. Everyone thoroughly enjoyed this lecture.

Mr. Eayrs, President, appointed a nominating committee in April to bring in a slate of officers at the annual meeting on June 2 at the Riverside Restaurant. They are as follows:

A. Kingman Pratt, Chairman
Henry Humphreys
Weston Eayrs

The offices to be filled this year are President for two years, Vice President for two years, Secretary for one year, Treasurer for one year and two Directors for three years.

Any changes of address for either the membership list or the Antiquarian subscriptions should be sent to me as I handle all the mailing now.

I would like to thank all the officers and members of the Association for all your help during the last year. I appreciate all of this and hope I can continue to serve you to the best of my ability.

Respectfully submitted,

RUTH GATES, Secretary
